Electronic Library for Minnesota

for K-5 Students

ELM is a collection of research and information databases for Minnesota residents.

elm4you.org
Britannica Learning Zone
Interactive learning modules for pre-kindergarten through grade 2 including drawing, reading, games, and geographical exploration

Britannica School Elementary
Gives teachers and students at all levels access to four encyclopedias that ensure consistency with classroom topics and age-appropriate content

Explora Kids
Contains elementary school-appropriate magazines, encyclopedias, dictionaries, and images

Kids InfoBits
Articles from magazines, newspapers, and reference books on animals, famous people, science, countries and states, and more

Funded by state taxes and brought to you by your local library, Minitex, State Library Services, Minnesota Office of Higher Education, and Minnesota Department of Education
